

# Meet Us At NORTH TAZEWELL WEDNESDAY, OCTOBER 6, 1915

at 11 O'clock a. m., Where we Hold Our  
**BIG AUCTION SALE OF RESIDENCE LOTS  
AND SMALL TRUCK FARMS**

This addition to North Tazewell is part of the John Bailey farm, and is only one-fourth mile from the depot. It is located on the through turnpike road leading down Clinch River, and is the only available land for lots at North Tazewell. This land is nearly level, but is well drained with a gentle slope towards the south, just rolling enough to be pleasing to the eye, and here the first rays of the morning sun rests to make the day bright and happy for the dwellers on this lovely Riverside land before commencing his journey across the heavens.

Adjoins the corporate limits of North Tazewell, and good public school is only 100 yards of the property. Fronts on the beautiful Clinch River a distance of over 900 feet.

**HOMESEEKER.** If you have never been fortunate enough to own a home of your own, here is your chance. Lots of all sizes and prices to suit all people. **OPPORTUNITY KNOCKS AT YOUR DOOR BUT ONCE—THIS MAY BE THE TIME IT IS KNOCKING FOR YOU.** Start saving your money, by buying a lot on time and watch it grow. Get away from the rent collector and be independent.

**FREE FREE FREE**

There will be a gold-watch given to the lady writing the best letter giving the reasons why you should buy a lot in Clinchview Addition to North Tazewell. All letters must be addressed to the Southwest Land Company, at Tazewell, Va., and mailed not later than October 5th. This contest will be decided by a disinterested committee. Prizes will be awarded at the close of sale; all letters will be read at the opening of the sale, and turned over to the committee. The lady writing the best letter must be present, or prize will be awarded to second best, and so on.

**FREE**—A large number of cash prizes will be given away during the progress of the sale.

**FREE LOT** WILL BE GIVEN AWAY AT CLOSE OF THE SALE TO PERSON PRESENT HOLDING LUCKY NUMBER.

**BEST OF ALL:** Free dinner to everybody and free brass band concert all day.

**TERMS OF SALE**—One-third cash; balance in one, two and three years.

Remember: This is an auction sale, and everything put up will absolutely be sold for the high dollar. It's a cut loose sale and no strings.

## SOUTHWEST LAND COMPANY ABINGDON, - - - VIRGINIA

Ladies are especially invited to bring their husbands, friends, and sweethearts and come to the BIG LAND SALE. REMEMBER, this sale will proceed rain or shine; in case of a downpour of rain all day, the sale will proceed the following day without further notice.

### FARM DEMONSTRATION PAYS IN FIFTY-TWO COUNTIES

Annual Report of the Officials of the Work in Virginia Is Encouraging. (From Sunday's Times Dispatch.) The annual report of the Farmers' co-operative demonstration work in Virginia for 1914, just published in attractive form by the officials in charge, shows that they have demonstrated agents in fifty-two counties of the 100 counties in Virginia; that in 1914 local agents carried on 10,980 actual demonstrations, with approximately 8,000 farmers; that 152 farmers in the State are having their entire farms, containing 19,855 acres, worked under the supervision of the county agents.

This report also shows that 989

farmers worked 9,706 acres of corn under the demonstration work in all sections of the State, including poor as well as rich land, with an average yield of forty-seven and one-half bushels per acre; that one farmer in Culpeper County produced 643 2-3 bushels of corn on five acres at a net profit to him of \$404.88; that in the Boys' Corn Club boys in the following counties raised over 100 bushels to the acre: Prince George, Rappahannock, Wise, Greensville, Appomattox, Frederick, Madison, Lee and Isle of Wight; in the following counties they raised over 125 bushels to the acre: Alleghany, Pittsylvania, Russell, Southampton, Orange, Augusta, Culpeper, and Fairfax, and one boy in Botetourt county raised 165 1-2 bushels to the acre, and one in Norfolk

county raised 166 2-3 bushels to the acre.

**Increasing Interest in Alfalfa, the Premium Hay.** It further shows that 282 farmers raised 2,500 acres of alfalfa under the direction of the county agents and made an average yield of two and one-half tons per acre; that during the fall of 1914, 533 additional farmers planted 3,026 more acres; that the highest yield of alfalfa reported was 13,100 pounds made on one acre of land from four cuttings; that several farmers reported four to five tons to the acre; that 12,480 acres of wheat were grown under demonstration work in 1914, with an average yield of 20.6 bushels to the acre; that 3,855 acres of oats were grown under demonstration work, with an average yield of thirty-four bushels to the acre.

"Space will not permit us to give detailed information regarding tobacco and other crops in Virginia. Regarding live stock, it is sufficient to say that our climate is such as to permit us to pasture our cattle practically without cost for nine months of the year. Our climate further enables us to reduce the cost of labor because the outdoor work can be carried on to its full extent for about nine months of the year, and less time is spent in feeding and looking after the stock and providing feed.

"The value of farm crops in Virginia increased 115 per cent for the period from 1899 to 1909, while the value of farm crops in the United States increased but 83 per cent. "Professor Jay A. Bonsteel, a distinguished soil expert of the Department of Agriculture, says: 'Among all the truck soils in use or available along the Middle Atlantic Coast, the Norfolk fine sandy loam easily occupies the premier place, both with regard to its total extent and its wide range of possible products. It has been formed as a sedimentary deposit laid down under the waters of a more elevated marine occupation and later elevated to become a portion of the present land area.'

**Suspicious Antics of Engineer Corps.**

The Sunday's Telegraph says: It was reported yesterday that several corps of engineers have appeared in the vicinity of Bandy, in Tazewell county, and that they are running a line into Buchanan county. The engineers are said to be the same who were recently in the Falls Mills section and who were said to be running a line from a point on the Virginia line in this county to connect with the Louisville and Nashville. It is now pretty well known that the men at work on Indian Creek are making the survey for the Louisville and Nashville and there are those in that section who say they have information to the effect that the new line will run from the Virginian at Princeton to near Falls Mills and thence to McRoberts, Ky., where a connection will be made with branch line of the Louisville and Nashville. Jenkins, Ky., which is just across the mountain

form McRoberts is on a branch line of the C. & O. railway, and it is to get an outlet to tidewater that the L. & N. is seeking control of the Virginian and is making this connecting line. The Norfolk and Western, it is believed by many, will extend its tracks into Buchanan county before the Virginian can possibly get there. The Cedar Bluff cut-off of the Norfolk & Western now follows Indian Creek from Cedar Bluff to Bandy, tunnelling the mountain there and continuing down Dry Fork to Jaeger. By following Indian Creek ten miles further and tunneling a mountain which divides Tazewell and Buchanan, the Norfolk & Western could reach the undeveloped coal and timber resources of Buchanan county at probably less than one-tenth the outlay that the Virginian will be required to make.

**Memorial Chapter Old Virginia Mammies.** (Judge Goodrich, in Sunday's Times Dispatch.) In the town of Berryville there has been built on an ideal location, an

**TRUTH STRANGER THAN FICTION**

Winchester, Va.—"Dr. Pierce's Golden Medical Discovery cured me of muscular rheumatism. I suffered a long time and took three kinds of medicine from my doctor. The medicine did not help me. Then I was hindered on the back under the shoulder. Fly-blisters did some good. Then the rheumatism came back and I was suffering again. A neighbor insisted on my using 'Golden Medical Discovery' and I got just one bottle. I began using it and the 'Painful Pellets' and in one week my rheumatism passed away. I was cured to stay cured, and Dr. Pierce's Golden Medical Discovery with the 'Pellets' did it. I will answer any letter inquiring about my cure."—Mrs. BERTIE M. EATON, E. Picadilly St.

Harrisonburg, Va.—"I have had a chance to observe the good effects of Dr. Pierce's Golden Medical Discovery in our family. When suffering with rheumatism my father used 'Golden Medical Discovery' and it was of great benefit. He said it did him a lot of good. He was well satisfied with the benefits he received as it built him up and helped to cure his rheumatism."—Mrs. JNO. FLETCHER, 2 Wolf Street.

Good blood means good health; good health means strong men and women, full of vigor and ambition, with minds alert and muscles ever willing. Any medicine dealer will supply you with Dr. Pierce's Golden Medical Discovery in either liquid or tablet form. Remember it is not a patent medicine for its ingredients are printed on the wrapper. It's a pure glyceric extract of roots, made without alcohol.

**Free.**—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 603 Main Street, Buffalo, N. Y.

Episcopal chapel of granite, ornate in appearance and of symmetrical architectural proportions, as a testimonial and tribute to the old Virginia colored mammies. It is a touching, tender and worthy testimonial to a unique character, the like of which will never be seen again. Standing and looking at it I became reminiscent. There came before me the picture of my own old colored mammy; and I remembered how affectionately she watched over the children of our old home; when night came on, how she saw we were put to bed, but before doing so she required us to say, kneeling:

"Now I lay me down to sleep,  
I pray the Lord my soul to keep.  
If I should die before I wake,  
I pray the Lord my soul to take.  
All this I ask for Jesus sake."

This chapel was erected largely through the high and holy endeavors and work of Mrs. Ammi Moore, the wife of a prominent and leading lawyer of this town, and of Miss Hannah Williams, of this county. Close by this is an old, very well preserved log cabin, which was the office and home of George Washington when he was employed as surveyor for Lord Fairfax.

**Col. Browning Gives Library to Radford Normal School.** Colonel J. S. Browning has donated to the Radford Normal School a considerable portion of his large library. He will make another donation later. He spent Saturday at Radford in conference with President McConnell in regard to scholarships which he contemplates establishing in the normal school.

The normal school has just issued an interesting bulletin giving an account of the unveiling of the Ingles memorial tablet in the Ingles Literary society. This bulletin gives many interesting things in the life of Mrs. Ingles, who was the first white woman married west of the Alleghany mountains. She was carried away captive by the Indians and made her escape after one of the most remarkable exhibitions of heroism ever known in women. Many of the most prominent families in Virginia and the south are descendants from her.

Both the Ingles and the Pocahontas literary societies have resumed work. Practically all the new students have entered one of the other of these societies.

The student government association having control of the students during study hours, and the honor system in class room and examinations, is well established in this institution, and is universally upheld and approved by the students.

**Coughs That Are Stopped.** Careful people see that they are stopped. Dr. King's New Discovery is a remedy of tried merit. It has held its own on the market for 46 years. Youth and old age testify to its soothing and healing qualities. Pneumonia and lung troubles are often caused by delay of treatment. Dr. King's New Discovery stops those hacking coughs and relieves in gripple tendencies. Money back if it fails. 50c. and \$1.00.

**Egyptian Serenade.** Sing again the song you sung  
When we were together young—  
When there were but you and I  
Underneath the summer sky

Sing the song and o'er and o'er,  
Though I know that ne'ermore  
Will it seem the song you sung  
When we were together young?  
—George William Curtis.

**Facts For Sufferers.** Pain results from injury or congestion. Be it neuralgia, rheumatism, lumbago, neuritis, toothache, sprain, bruise, sore, stiff muscles, or whatever pain you have yields to Sloan's Liniment—brings new fresh blood, dissolves the congestion, relieves the injury, the circulation is free and your pain leaves as if by magic. The nature of its qualities penetrate immediately to the sore spot. Don't keep on suffering. Get a bottle of Sloan's Liniment. Use it. It means instant relief. Price 25c. and 50c. \$1.00 bottle holds six times as much as the 25c. size.

**Wise and Otherwise From "Grit."**

A lazy man makes much ado about nothing.  
Men, like pins, are no good if they lose their heads.  
Opportunity never troubles a man if there is nothing in him.  
Women do not like new wrinkles any more than they do new ones.  
The early bird that monkeys with the early bee is liable to get stung.  
Those who suffer in silence usually have a lot to say about it later.  
The man who says he is glad he is married is either an optimist or a liar.  
Even when money talks a woman can always manage to get in the last word.  
Few men live long enough to discover how much their friends think about them.

**A Clogged System Needs Attention.** Are you bilious, dizzy and listless? Dr. King's New Life Pills taken at once seize upon constipation and start the bowels moving naturally and easily. Moreover it acts without griping. Neglect of a clogged system often leads to most serious complications. Poisonous matters and a body poorly functioning need immediate attention. If you wish to wake up tomorrow morning happy in mind and entirely satisfied, start your treatment tonight. 25c. a bottle.

### Children Cry. FOR FLETCHER'S CASTORIA

Borrowed Thunder. Miss Aletha Ellison, of Wisconsin, smokes a pipe and hoes a garden at 96. Old Nicotine'll get her yet. Advertisement: "All bathing suits in the clearance." Great! But what's the clearance? Corn Cure: "Tie a piece of lemon to your corn every night for three nights, and it will come off." Sure, the lemon will come off! It is predicted that beef will cost \$15 per hundred weight by Christmas. Do your shopping early. The British war office wants men trained in bomb throwing. Here's a job for the New York Times. W. W. Investigation shows that cannibals of New Guinea eat human flesh because they like it. A three-minute telephone conversation from New York to San Francisco costs \$20. Who says talk is cheap? Wonder if those ankle watches are intended to show what kind of a time the women are having. England is mistress of the seas. Growers say if peaches are pink and fuzzy they are ready for market. Lord preserve us. "This horse is cheap," said Tom Red. "Steak cost, so here's your chance." "His coat's all right," the Dutchman said. "But I don't like his pants." In spite of his boasted intelligence, man is not quite as good as a horse at eating corn off the cob. Ambitions youth: Up to the present time there are no famous ex-aviators.

**Poor Little Rich Boy.** Johnny handed the following note from his mother to the teacher one morning: "Dear teacher: You keep telling my boy to breathe with his diaphragm. Maybe rich children has got diaphragms, but how about when their father only makes \$1.00 a day and has got five children to keep? First, it's one thing, then another, and now it's diaphragms. That's the worst yet."—Ex.

**How An Engineer Keeps Well.** Railroad engineers are more exposed to catching cold than other workers. E. G. Dunsmuir, of Monette, Mo., has run a Frisco engine 25 years and if the medicine he has taken is Foley's Honey and Tar, he writes: "I always keep it in my house and recommend it to all who have a bad cough or cold. Sold everywhere."

Capital punishment has been abolished in Kansas, Maine, Michigan, Minnesota, Rhode Island, Washington and Wisconsin. Life imprisonment is the severest punishment for murder in those states. In all other states the death penalty is inflicted, either by hanging or electrocution, except in Utah and Nevada, where the convicted man may choose between hanging and shooting.

**Preacher Was Laid Up.** Rev. C. M. Knighton, Havana, Fla., writes: "For three months I suffered intense pain in the kidneys and back which at times laid me up entirely. I used 1-2 bottle of Foley Kidney Pills and all the pain disappeared. I feel as if 20 years had been added to my life." Relieves rheumatism, backache, sore muscles, stiff joints. Sold everywhere.

**Reason Enough.** Tom, who occasionally indulged in intoxicants to excess, was coming up the street one day and as he came across a saloon he turned in to quench his thirst. It happened that the pastor of his church was coming down the street at the same time and seeing Tom go toward the saloon, hailed him. Tom, however, pretended not to hear and went into the saloon. The following day the pastor met Tom on the street and said:

"Tom yesterday I saw you go into a saloon and holler at you, but you pretended you didn't hear me. What's your reason for that?"

"Well," replied Tom, "I must confess that I did hear you, but all I had with me was 5c."—Ex.

**The Colds of Mankind Cured by Pines!** Have you ever gone through a typical pine forest when you had a cold? What a vigorous impulse it sent! How you opened wide your eyes to take in those invigorating and mysterious qualities. Yes, Dr. Bell's Pine-Tar-Honey possesses those stimulating qualities and overcomes hacking coughs. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at hand. 25c.

**N. & W. to Build Two Great Piers.** Norfolk, Va., Sept. 23.—The Norfolk and Western Railway will build near Lambert's Point two immense coast-wise freight warehouses, to cost \$1,800,000, the board of directors having authorized President L. E. Johnson to expend that amount for the improvement and to immediately begin work on the structures.

The reported grain elevator, said to have been contemplated at a cost of \$1,000,000 will not materialize, the directors having decided not to make the outlay at this time.

### HELPLESS AS BABY

**Down in Mind Unable to Work, and What Helped Her.**

Summit Point, W. Va.—Mrs. Anna Belle Emery, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 43 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

**Try Cardui.** Your druggist sell it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on use; also and 64-page book, "Home Treatment for Women," in plain wrapper. N.C. 121

### Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

### What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

**GENUINE CASTORIA ALWAYS**

Bears the Signature of

Chas. H. Fletcher.

**In Use For Over 30 Years**
